RESEARCH NEWS

Applications for A Breath of Hope Research Fellowships due tonight!

A Breath of Hope Lung Foundation’s 2016 Research Fellowships applications are due tonight by 11:59 p.m. More information about research focus areas and the applications process can be found at research@breathofhope.org.

Questions for the AROH Research Committee should be directed to research@breathofhope.org.

Based on growing lung cancer diagnoses among women and our ongoing problem with lack of or preventative screening, A Breath of Hope Lung Foundation’s Research Committee chose the focus areas for this year’s $150,000 grants:

1. Early Detection - The Lazy Benjamin Research Award, and;
2. Women & Lung Cancer

DONATE TODAY to continue supporting life-saving research and awareness programming!

Volunteers are the heart of as much of our work at A Breath of Hope Lung Foundation. From helping during our events, to event volunteers, to office help, these amazing people make it possible for A Breath of Hope to raise the needed funds to help our favorite patients. If you are interested in volunteering in some capacity, please email us at office@breathofhope.org.

Charities Review Council - we passed our three year严格审查and review with flying colors proving once again that A Breath of Hope Lung Foundation is a trustworthy organization with a strong commitment to accountability and transparency.

MEETS STANDARDS

Women’s Wellness Tea a Success!

Thanks to all who were able to attend. As always, thank you to our sponsors, Virginia Hope Cancer Institute & Dr. Lori Hyer, and all of our amazing supporters and volunteers. We appreciate each of you.

Lots of laughs at this event!
