

A Breath of Hope **Announcing!**

Lung Foundation

2015

ABOH/UICC Lung Run/Walk

November 7, 8-11 am

Addams/Medill Park, Chicago, IL.

This fall, for the first time ever, *A Breath of Hope Lung Foundation* and the *University of Illinois Cancer Center* will bring their collective passion and energy to a **Lung Cancer Awareness Month 5K to be held near the UIC campus in Chicago.** The goal is to raise the bar on lung cancer awareness and improve funding for research. We hope you will join us!

The fight to beat lung cancer seems to be gaining momentum in our country and is popping up in the media more often than in the past, but it isn't nearly enough for the 200,000 families that will cope with a diagnosis this year. Until lung screening is common and our survival rate vastly improved, we continue the battle.

A Breath of Hope Lung Foundation is proud to partner with the University of Illinois at Chicago and share common goals, missions and values. We hope you will gather your friends and head to the Windy City for a fun weekend and another chance to fight lung cancer with friends who care as much as you do!

More News

The **9th Annual Twin Cities Lung Run/Walk** held in August raised more than \$235,000 for lung cancer research and patient support. More than 2000 people registered to walk or run and close to 400 people were remembered on our t-shirts and the rose raft of remembrance. Thanks Minnesota - your collective voice has been heard!
