Lung Cancer Research Program

NAME A GRANT

You can help us change the course of lung cancer research to discover better treatments and save lives.

A Breath of Hope Lung Foundation's special 'Named Research Grants' enables a donor or donor group to fund part or all of a research fellowship in their name or in memory or honor of a loved one.

For a minimum gift of \$50,000 in one calendar year, you can apply for a named research grant at *A Breath of Hope Lung Foundation*.

With a lifetime giving level of \$150,000, you can apply for a named grant at *A Breath of Hope Lung Foundation*.

Steps for setting up *Named Research Grant*

1. Upon making your decision to donate at a level of \$50,000 or more, please contact Nancy Torrison, executive director of *A Breath of Hope Lung Foundation* at nancy@abreathofhope.org or 952-807-6111.
2. Work with executive director to determine the type of gift you are interested in (research theme must be approved by the A Breath of Hope Lung Foundation Research Committee).

4. Upon making your gift, A Breath of Hope Lung Foundation creates Request for Proposal (RFP) and submits to researchers at U.S. research institutions across the country
5. A Breath of Hope Research Committee, along with their national expert panel, reviews grants and selects the awardee of the grant.
6. A Breath of Hope Lung Foundation provides you with the name of the researcher and the selected project.
