Saturday, November 7, 2020 – Virtual Event

The Midwest Lung Cancer Patient Summit provides support, hope, resources and real tools for patients and caregivers living with lung cancer. The summit offers opportunities to learn about recent research findings, new treatments, clinical trials, legal help and various psycho-social topics important to a patient's physical and mental wellness. Being part of a supportive community and being fully informed can lead to improved health outcomes. This is our goal for each attendee.
