

A Breath of Hope Lung Foundation’s Circle of Light (COL) is a group of transformative donors who are committed to our mission of increasing the U.S. survival rate of lung cancer. The Circle of Light is our annual giving program with members pledging or donating a one-time gift of \$500 or more during the calendar year. Monthly recurring gifts are also accepted for membership. Thanks to your generosity, lung cancer survival rates continue to improve through A Breath of Hope’s key program initiatives: Research, Awareness & Education, and Patient & Family Support.

- **Research** funded by ABOH donors has surpassed \$3 million. These cutting-edge lung cancer projects have led to new treatments and an increased survival rate in the U.S., now at nearly 28%.
- **Earlier detection** leads to improved outcomes. ABOH public and patient education results in more preventative screening to drive earlier detection.
- **Biomarker testing** immediately following a lung cancer diagnosis is critical to identify the optimal treatment for patients with NSCLC. ABOH convenes physicians annually to find solutions that lead to every NSCLC patient being tested, regardless of zip code or socioeconomic factors.
- **YouandLungCancer.com**, our literacy-based lung cancer patient education resource, has received more than 2 million visits from patients, caregivers, and providers in 130 countries since its launch in late 2017. Of those surveyed, 98% report they have learned new information and plan to take questions to their medical team. Better understanding and treatment compliance leads to improved health outcomes.
- **Support programs** for patients, survivors, and caregivers provide needed services such as transportation to medical appointments, mindfulness classes, physical activity and companionship.

Your Benefits: Beyond knowing that you’re impacting the lives of hundreds of thousands of U.S. lung cancer patients/survivors and families each year, you will enjoy the following:

1. Exclusive invitations to events and programs.
2. Two complimentary registrations to our signature event – the Lung Run/Walk on August 9 at Lake Harriet Bandshell – one of the largest lung cancer events in the country.
3. Your name on custom T-shirts and signage.
4. Recognition for improving lung cancer outcomes with your name listed in our Annual Report, social media posts, and E-newsletters throughout the year.

To join the Circle of Light, simply donate \$500 or more in a calendar year. Additional benefits are offered at higher donation levels and announced regularly. Your early pledge signals your promise that ABOH can count on you to deliver life-changing programs. Please submit your pledge form today and make plans for your payment to arrive no later than Dec. 31. We accept checks, online donations and are happy to discuss other investment options. For assistance, contact info@abreathofhope.org.
